What fees will I pay?

You will pay an ongoing asset-based fee. This fee will be collected at the end of each quarter and is calculated as a percentage of the value of the cash and investments in your account[s] that we manage. No fees are paid in advance. **Conflicts of Interest:** The more assets in your advisory account, the more you will pay in advisory fees, and we therefore have an incentive to encourage you to increase the assets in your account. **Other Fees and Costs:** In addition to our advisory fee, you will also be responsible for custodian fees, account maintenance fees, fees related to mutual funds, and other transactional fees. You may also pay additional fees for additional services such as financial planning, account aggregation services or consulting services; these services are billed separately and are charged hourly or at a fixed rate, with account aggregation services offered as an asset-based fee charged at the end of the quarter. Any additional fees, billed by us, will be agreed upon in advance.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A.

- *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

What Are Your Legal Obligations to Me When Acting as My Investment Adviser? How Else Does Your Firm Make Money and What Conflicts of Interest Do You Have?

When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. We make every effort to minimize these conflicts. We will recommend that you open your account with a specific custodian, where we have an institutional relationship and receive preferential treatment for our clients. However, you ultimately decide where to open your accounts. Choosing a different custodian may result in the loss of quality of service and/or ability to obtain favorable prices. We have a financial incentive to recommend that you rollover retirement plan assets into an IRA we manage; however, we seek to educate you on your options and the fees and benefits associated with each choice and then allow you to choose which you feel is in your best interest.

For more detailed information on conflicts of interest, please see Item 10 – Other Financial Industry Activities and Affiliations, Item 12 – Brokerage Practices and Item 14 – Client Referrals and Other Compensation of our Form ADV Part 2A.
